PROFESSIONAL SUMMARY

Computer Science undergraduate focused on building modern web applications with a strong interest in software engineering, full-stack development, and frontend engineering. Hands-on experience developing and deploying web products using TypeScript, Vite, Tailwind CSS, Supabase, and Vercel, with an emphasis on clean interfaces, practical product workflows, and maintainable application structure.

EDUCATION

B.Tech — Computer Science and Engineering

Seshadri Rao Gudlavalleru Engineering College

2024–2028

CGPA: 7.9/10

Intermediate (Class XII)

Jawahar Navodaya Vidyalaya, Krishna

2022–2024

73%

Secondary School Certificate (SSC)

Jawahar Navodaya Vidyalaya, Krishna

2021–2022

75%

TECHNICAL SKILLS

Languages: C, Java, Python, JavaScript, TypeScript

Frontend: HTML, CSS, Vite, Tailwind CSS

Backend / Database: Supabase, MySQL

Tools & Deployment: Git, GitHub, Vercel, VS Code

Core Concepts: Data Structures, Object-Oriented Programming

PROJECTS

SyncRole — Career Path & AI Career Platform [Live] [GitHub]

Tech: Vite, TypeScript, Tailwind CSS, Supabase, Vercel

- Built a career-focused web platform designed to help students structure and track their career path.
- Developed a responsive interface and connected application workflows to a Supabase backend for persistent data.
- Deployed the application on Vercel with a production-oriented frontend workflow.

Lenoraa — Online Soap Business & E-commerce Platform [Live] [GitHub]

Tech: Vite, TypeScript, Tailwind CSS, Supabase, Vercel

- Developed a product-focused e-commerce website for a personal online soap business.
- Implemented a responsive shopping experience with product presentation and structured product data.
- Deployed the production site on Vercel and maintained the project through Git/GitHub.

LEADERSHIP & RELEVANT EXPERIENCE

Team Lead — Academic Technical Presentations | Coordinated a 4-member team for technical presentations, including topic organization, slide preparation, and delivery planning.

LANGUAGES

English • Telugu

Open to Software Engineering, Full-Stack Development, and Frontend Development internships and entry-level roles.
